Sir:

I hereby certify that this correspondence and/or fee is being deposited with the United States Postal Service as first class mail in an envelope addressed to "Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450" on January 24, 2005.

The patent application became abandoned because the Request for Continued Examination (RCE) filed on October 7, 2004 was not accompanied by a submission as required by 37 CFR 1.114. A Communication Re: Appeal was sent on November 3, 2004 setting forth the above, that the appeal was dismissed, and that the application was abandoned because there are no allowed claims. A formal Notice of Abandonment was never received by the Applicant.

Note: A grantable petition under 37 CFR 1.137(b) requires the following:

- (1) Statement that the entire delay was unintentional;
- (2) Reply to Office Action;
- (3) Terminal Disclaimer with a disclaimer fee pursuant to 37 CFR 1.137(d) - required for all utility and plant applications filed before June 8, 1995, and for all design applications; and
- (4) Petition fee as set forth in 37 CFR 1.17(m).

**1. Statement**

The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional.

The Applicant notes that this petition filed pursuant to 37 CFR 1.137(b) is being filed within one (1) year of the date of abandonment of the application. In addition, the petition is being filed within three (3) months of the date of when the applicant was first notified that the application was abandoned.

**2. Reply to Office Action**

A Response to Office Action is enclosed herewith. The reply is in response to the final office action dated September 2, 2003, and should have been submitted with the RCE filed on October 4, 2004. Failing to file a Response to Office Action with the RCE was an inadvertent mistake and unintentional. The Applicant submits that the enclosed Response to Office Action is a reply sufficient to have avoided abandonment, had such reply been timely filed.

**3. Terminal Disclaimer with disclaimer fee**

Since this utility patent application was filed on or after June 8, 1995, no terminal disclaimer is required.
